

# Signals Intelligence [SIGINT]

---

## Radio Frequencies

---

- [Signal Identification Wiki](#)  
Identify radio signals through example sounds and waterfall images. Most signals are received and recorded using a software defined radio.
- [RadioGarden](#)  
Tune into thousands of live radio stations from across the world.
- [Live Online Radio](#)  
A large directory of radio stations from around the world that lets you listen in. Organized by geographical region.
- [RadioNet](#)  
View and listen to radio stations near your location or search for radio stations via keyword.
- [Broadcastify](#)  
Listen to live to police, fire, EMS, aviation, and rail audio feeds from the USA.
- [Radiooooo](#)  
A collaborative collection of radio stations from all over the world.
- [OpenMHz](#)  
Listen to live police and fire radio from all across the U.S.
- [RadioReference](#)  
The largest radio communications data provider. Has a complete frequency database, trunked radio system information and FCC license data. Requires registration.
- [American Archive of Public Broadcasting](#)  
Discover, listen and watch historic radio and television broadcasts from across the USA.
- [GlobalTuners](#)  
Provides access to remotely controlled radio receivers all over the world. You can tune the receivers to listen to remote radio broadcasts, air traffic, amateur transmissions and much more.
- [Wide-Band WebSDR](#)  
On this page you can listen to and control a short-wave receiver located at the amateur radio club at the University of Twente. This receiver can be tuned by multiple users simultaneously.
- [Digital Frequency Search](#)  
Helps find, scan, and identify digital radio frequencies in a specific area. All searches are by county and state. Data is provided from the FCC.
- [DXing](#)  
A database of national radio frequencies.
- [American Disaster Shortwave Frequencies](#)  
A list of emergency radio frequencies used by various US agencies.
- [Bearcat Family Radio Frequencies](#)  
A list of radio frequencies used by [NatCom](#).
- [Bearcat Fast Food Frequencies](#)  
A list of frequencies used by fast food chains in the US.
- [Bearcat Military Frequencies](#)  
A list of US military trunked radio frequencies.
- [Bearcat Sports Frequencies](#)  
A list of radio frequencies related to sports.

- [Bearcat Online](#)  
A tool that allows you to search various frequency databases. Requires a paid subscription.
- [Default Frequencies for Motorola Business Radios](#)  
A list of Motorola business radios with their channel numbers and the default frequencies assigned to them out of the box.

## HAM Radio

---

- [QRZ Callsign Database](#)  
Search for licensed HAM radio operators by callsign, real name, address, country and more.
- [FCC License Search](#)  
Allows you to search for amateur radio operators by callsign, name or FRN. Search results can provide a persons full name, callsign, addresses and in some cases, felony records.
- [Canadian Amateur Radio Operator Search](#)  
A database where you can search Canadians who are licensed amateur radio operators. Search by callsign, last name, city, province or postal code.
